

How do I obtain a Private Pesticide Applicator license?

- x Step 1: Purchase course access (cost is \$25.00) for the interactive Private Applicator training program through the [BDC /4S0 cs 0.3491 scn /729](#)

- x The initial Private Applicator license is good for five years.
- x Recertification credits must be earned no later than 90 days before your license expires
- x If you fail to earn sufficient recertification credits before your license expires, you must [renew the Private Applicator Program \(after May 2017\)](#) follow the steps
- x To renew a Private Applicator license you must earn three (3) hours of recertification credits every five years
- x [Obtaining Pesticide Recertification Credits](#) available on the Georgia Department of Agriculture website

A searchable database available through the [Georgia Department of Agriculture](#)

_____ where you can search by applicator last name, license number or commercial license category. Approved online

classes are listed on this web page as well. In addition, there is a searchable database for [recertification courses](#) by course title, course date, or commercial category.
